PROFILE

Professional transitioning into Data Analytics, currently pursuing a Bachelor's in Data Science Engineering (UVM). Combines a foundation in SQL, database modeling, and data visualization with hands-on experience managing regulated data, quality indicators, and audits in healthcare and clinical research settings. Seeking an entry-level or internship data role to bring analytical rigor, attention to detail, and the ability to translate data into decisions.

TECHNICAL SKILLS

- Basic SQL (queries and database modeling: ER diagrams, normalization)
- Data analysis: Google Data Analytics (Coursera) — data cleaning, exploration, and interpretation
- Big Data and data mining fundamentals
- Advanced Excel for analysis and reporting
- Project management (PMBOK framework)
- Data governance and regulatory compliance (applicable to data integrity and traceability)

ACADEMIC PROJECTS

- Google Data Analytics (Coursera) — introduction to Tableau visualization applying the McCandless Method for data storytelling.
- Big Data Course — fundamentals of processing and analyzing large volumes of data.

PROFESSIONAL EXPERIENCE

Social Service / INJUVE

Jul 2026 - Present

- Developed websites for language schools.
- Analyzed data to improve student retention.

Quality Management Manager / Grupo Médico Axis

Mar 2026 – Jul 2026

- Managed the Quality Management System, including the generation and analysis of KPIs to support decision-making.
- Responsible for regulatory compliance with COFEPRIS, ensuring the integrity and traceability of institutional data.
- Planned and executed internal and external audits, including findings analysis and follow-up on action plans.

QA & Compliance Lead / QBridge AI

Oct 2025 – Mar 2026

- Led quality and compliance initiatives across technology and data projects.
- Implemented data traceability and governance controls in coordination with multidisciplinary teams.

Project Manager – SAP Implementation / Avant Santé Research Center

Jul 2024 – Oct 2025

- Coordinated multidisciplinary teams in the SAP implementation, managing timelines and key deliverables.
- Applied process optimization and data management principles in a regulated environment.

Quality Assurance Specialist / Avant Santé Research Center

Oct 2022 – Jun 2024

- Oversaw clinical trial processes ensuring compliance with ANVISA, COFEPRIS, FDA, and ICH.
- Implemented quality controls and continuous improvement based on process data analysis.

Other Roles in Quality and R&D / PROBOCA · La Tinaja · Walmart

2019 – 2022

- Shipping Quality Coordinator (PROBOCA); New Product R&D Lead (La Tinaja); Perishable Goods Shipping Quality Inspector (Walmart).
